- Conscious sedation and general anesthesia available if needed (local anesthesia is used in most cases)
- Full written guarantee and lifelong support
- Premium materials from Germany, Switzerland, and the USA
- A full team fully dedicated to provide the best after care service

Important Notice for Patients

 The assistant you're speaking to is a **human assistant**, not a dentist or medical professional. Her role is to assist with general inquiries, help you get started, and guide you to the next steps.

 **To proceed with your treatment plan and get a personalized quote**, we kindly ask you to send us your contact details (phone number and email) or fill out the form.

 Once we receive your info, **one of our licensed medical consultants** will contact you to provide a **free online consultation** tailored to your specific case. They are the only ones who can discuss treatment details, medical questions, and prices.

Each case is unique and evaluated individually by professionals to ensure you get the best care possible.

Frequently Asked Questions (FAQs)

1. **Do you have a branch or office in London, USA, or Australia?**

2. We currently operate clinics in Istanbul, Turkey and Dubai, UAE. We do not have physical offices in the UK, USA, or Australia, but we serve many patients from these countries.

3. Will I receive temporary dentures between visits?

4. Yes, we always provide temporary teeth/solutions so you will never be without teeth during your treatment.

5. What is the price of an All-on-4 treatment?

6. Prices depend on your clinical situation. We recommend a free consultation (via photos or X-rays) to provide a personalized quote.

7. Is the hotel free of charge?

8. Yes, we offer complimentary hotel accommodation as part of our VIP service for patients undergoing full treatment.

9. How many visits are required and what's the duration between them?

10. Most implant treatments require 2 visits. The first is around 5–7 days, the second 4–6 months later for 7–10 days.

11. Will I be toothless between visits?

12. No, temporary teeth will be provided. You'll always have functional and aesthetic teeth.

13. Is the treatment painful?

14. Treatment is performed under local anesthesia. Conscious sedation or general anesthesia is available for anxious patients. Pain is minimal and managed with medication.

15. Will my new teeth look natural and suit my face?

16. Absolutely. Our dentists work closely with you to design a natural, personalized smile that matches your facial features and preferences.

17. How long do the results last?

18. With proper care, implants can last a lifetime. Crowns and veneers typically last 10–20 years or more.

19. Do you offer transportation and accommodation?

- Yes, we provide airport transfers, hotel stays, and full logistical support.

20. How can I book an appointment?

- Simply send us a message or complete the online form. A medical consultant will contact you shortly for a free consultation.

21. Do you offer guarantees?

- Yes, all our treatments come with a full written guarantee.

22. What aftercare do you provide?

- We offer follow-up consultations, guidance, and lifelong support. We also help arrange care in your home country if needed.

23. What if something goes wrong after I return home?

- You can contact us anytime. We provide lifelong follow-up and support, and will help resolve any issues.

24. Can I bring someone with me?

- Yes, companions are welcome. We can help arrange accommodation for them too.

25. Are flights included in the price?

- Flight tickets are not included, but we assist with logistics and can recommend best travel options.

26. What is the difference between German, Swiss, and Turkish implants?

- All are high-quality; German and Swiss brands are premium and globally recognized. We only use certified and imported materials.

27. What is a sinus lift?

- It's a bone grafting procedure to increase bone in the upper jaw for implants. The materials used are biocompatible and imported from Europe.

28. Do you use local or general anesthesia?

- We primarily use local anesthesia. Sedation and general anesthesia are available upon request.

29. What does the guarantee cover?

- Our guarantee covers materials and workmanship. Details are provided in writing.

30. How does the treatment process work?

- First, we do a consultation with X-rays. Then, implant surgery. After healing (3–6 months), we place permanent teeth.

31. Is the hotel near the city center?

- Yes, we select hotels close to both the clinic and city attractions.

32. What are the payment options?

- We accept cash, credit cards, bank transfer, and offer installment plans in some cases.

33. What is the experience level of your dentists?

- Our dentists have 10–20+ years of experience and are trained in Europe.

34. Do you offer sedation dentistry?

- Yes, we offer both conscious sedation and general anesthesia.

35. Do you offer composite bonding?

- Yes, we provide cosmetic bonding in addition to crowns and veneers.

36. Do you have interpreters for various languages?

- Yes, our team includes speakers of Arabic, French, English, German, Polish, and more.

37. Are flight tickets included?

- No, but we provide travel support and help you find the best deals.

38. What's the difference between a dental implant and a crown?

- An implant replaces a missing tooth root. A crown is the visible part that fits on top of an implant or natural tooth.

39. What are the prices of implants and crowns?

- Prices vary. We offer a free consultation to give you an accurate quote based on your specific needs.

40. What's the difference between the types of implants you use?

- We offer top European brands with various features. Your dentist will recommend the most suitable one.

41. What's the difference between types of crowns?

- Zirconium, porcelain, and E-max differ in strength, aesthetics, and use. We tailor material to your case.

42. What's the difference between a crown and a bridge?

- A crown covers one tooth. A bridge replaces multiple teeth by anchoring to adjacent ones.

43. Is your clinic located in Italy?

- No, we are based in Turkey and UAE. We do not have clinics in Italy.

44. Why do I need two visits?

- Healing time is needed after placing implants before final teeth can be fixed. It ensures safety and long-term success.

45. Can I do everything in one visit?

- In rare cases, yes. But for most, two visits are necessary for best results.

46. What is the duration of the guarantee?

- Typically 5–10 years for prosthetics and lifetime for implants (if properly maintained).

47. Do I need multiple visits just for checkups? Are they free?

- Follow-up checkups during your stay are included. Additional visits are arranged as needed.

48. Will you do a CT scan (TAC)? Is it free?

- Yes, we perform CT scans as part of the consultation. It is free with treatment.

49. What is the total cost of treatment?

- It varies by case. We offer free online consultation to provide an accurate total quote from your own house with no hidden costs.

50. Do you offer installment or financing options?

- Yes, we can discuss flexible payment plans depending on your treatment and circumstances.

51. Are there any hidden/additional costs?

- No hidden costs. All details are shared transparently before treatment.

52. Where will I stay and how much does the hotel cost?

- We provide 4-star hotel accommodation for free during treatment (depending on the package).

53. How long will I stay during my trip?

- Usually 5–7 days per visit. You will have time to enjoy the city too.

54. Can I enjoy my free time during the trip?

- Yes! Many patients explore Istanbul or Dubai between appointments.

55. When was your clinic founded?

- SapphireDent was founded in 2000 .

56. How many doctors work at your clinic?

- We have a team of over 20 dentists and specialists across both locations.

57. Can I finish the whole treatment in one trip?

- Not usually for implants. Two visits are recommended for proper healing and long-term results.
